Mauro Póppolo Fort

Director of Finance | AI-First Finance Operations | Accounting, Consolidation, Tax, Transfer Pricing & M&A
Valencia, Spain | mauro.poppolo@gmail.com | linkedin.com/in/mauro-poppolo | mauropoppolo.github.io

Profile

Director of Finance leading with an AI-first operating model, already proven in day-to-day operations and built on more than ten years of technical depth in accounting, consolidation, tax, transfer pricing and M&A. Responsible for finance across six jurisdictions in the US, Europe and the Middle East, working async across time zones. The result: finance that closes faster, costs less and scales without adding headcount.

€750k+	10–15 → 4 days	6	2
Annual savings and cost avoided through AI-led finance transformation	Month-end close	Jurisdictions across the US, Europe & Middle East	Transactions: due diligence and finance integration

Experience

Clarity AI (now part of Glass Lewis) | Remote, Spain — May 2024 – Present

Director of Finance — Oct 2026 – Present

Senior Finance Manager · **Acting Finance Lead from Mar 2025** — Sep 2025 – Oct 2026

Finance Manager — May 2024 – Sep 2025

SCOPE & LEADERSHIP

- Report directly to the CFO, with end-to-end responsibility for group accounting, statutory reporting and consolidation across six jurisdictions (US, UK, Germany, Spain, UAE and Saudi Arabia).
- Lead tax compliance and transfer pricing across all jurisdictions, including a redesign of the group's transfer pricing policy with PwC; primary finance counterpart to external auditors, tax and legal advisors.
- Promoted every member of the finance team and hired the top performer from my internal network.

AI-FIRST FINANCE

- Built an AI-first operating model: accounts payable, the month-end close, reconciliations and tax compliance run on AI workflows, with the team reviewing rather than producing. €750k+ in annual savings and cost avoided.
- Cut the month-end close from 10–15 days to 4, with a single source of truth fed from NetSuite and AI-drafted commentary; board report drafted in under 30 minutes.
- AI-native accounts payable on NetSuite and Revolut, from invoice to payment: −72% process time, ~55 hours saved per month, €22k saved per year and zero payment errors.
- Tax compliance knowledge base covering every filing obligation in every jurisdiction, so filings are executed by a junior accountant with senior sign-off only.

TRANSACTIONS & AUDIT

- Led financial and tax due diligence across two transactions, a buy-side acquisition and the company's own sale, with an AI-built data room pack ready before the data room opened.
- Led the finance integration of the acquired business without adding headcount, and now the integration following the company's sale.
- Closed all statutory audits across all jurisdictions on time with no material findings, and delivered the group's first consolidated financial statements.

Glovo | Barcelona, Spain — Oct 2022 – May 2024

Senior Financial Accounting Controller

- Owned financial reporting and controlling for Glovo's largest business unit, South-West Europe (Spain, Italy, Portugal and Poland).
- Led month-end close, variance analysis and management reporting in a high-volume, transaction-heavy marketplace.
- Finance business partner to regional leadership on performance, accuracy and visibility.

BASF Services Americas | Montevideo, Uruguay — Jul 2021 – Oct 2022

Senior Financial Reporting Analyst

- Owned the core financial reporting packages for the U.S. entities of BASF, the world's largest chemical company (DAX 40), within a North American business of over €20bn in annual sales.
- Reporting interface between local operations, the United States and group headquarters in Germany.

PwC | Montevideo, Uruguay — Jan 2014 – Jun 2021

Senior Associate

- Seven-plus years across three practices (accounting, transfer pricing and global mobility), reporting into and working with teams from all three on multi-country clients.
- IFRS instructor in PwC's internal training programmes (2014–2019); transfer pricing and expatriate tax advisory (2020–2021).
- Also lectured at Universidad Católica del Uruguay (2016).
